# Our Goals

Our number one priority is to raise awareness of the refugee's situation, whom are taking the risk so that they can live their life in peace.

We are standing the side of acceptance, equal rights and humanitarian. Our program relies on the co-operation of 6 European countries.

## What we do

### WORKSHOPS AND EDUCATION

We set up workshops and interactive programs. We listen to lectures in order to enlarge our knowledge about the situation. We do project together and we present them so that we can exchange ideas .

### PLEASURE TIME

Apart from learning about the worldwide scenerio, we also cut some time to make new friendships without borders. We believe that discovering new countries and getting a taste of their culture is beneficial.
