Evaluation

NOTE: There will be separate diagrams for the responses of project participants and non-participants. The left side diagram will demonstrate the answers of non-participants, and the right side diagram will demonstrate the answers of the project participants.

1. Assessment of the respondents' background

The total number of respondents was 156, 76 people were, and 80 weren't members of the project. 105 respondents were female, 45 were male, and 6 people preferred not to share their gender.

Respondents from each country:

Spain: 30 people

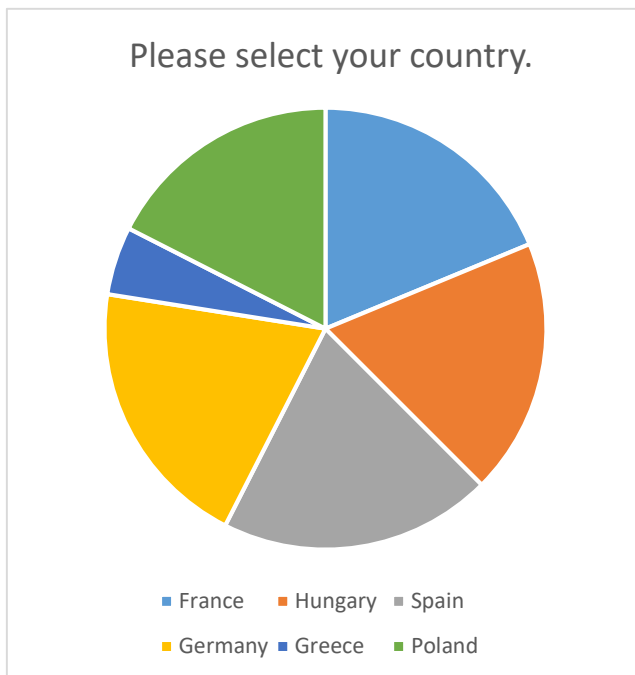

Hungary: 26 people

Greece: 19 people

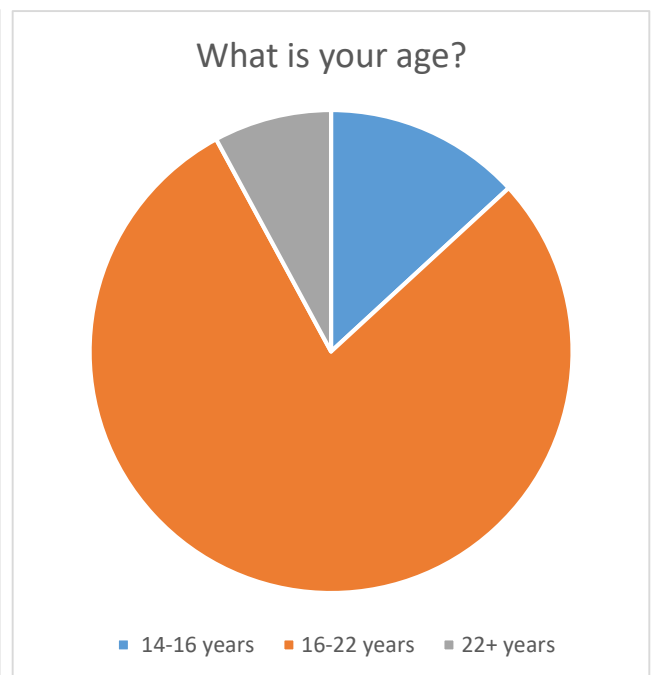

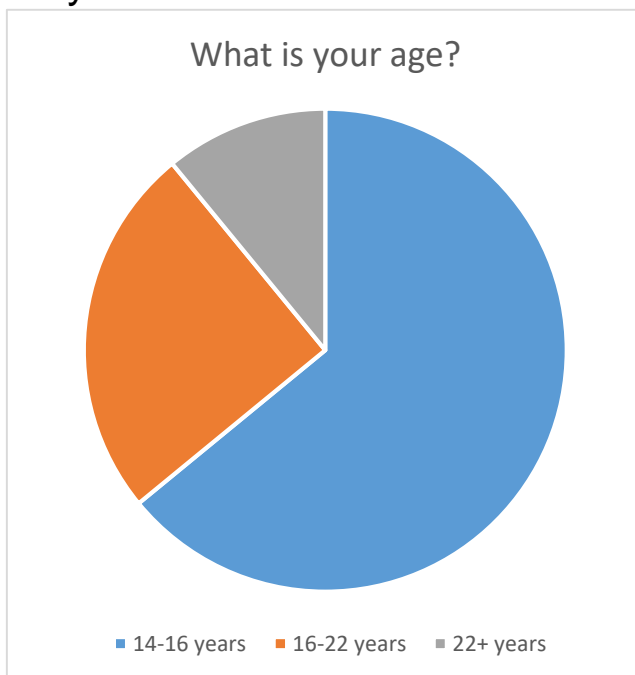

Poland: 24 people

Germany: 24 people

France: 33 people

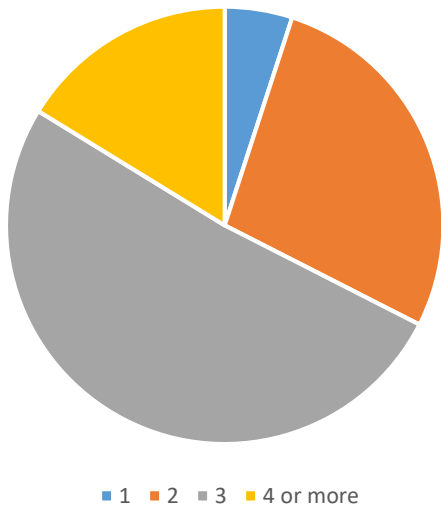

16 respondents were between 14-16 years old, 133 of them were between 16-22 years old, and there were also 7 respondents, who were above 22 years old.

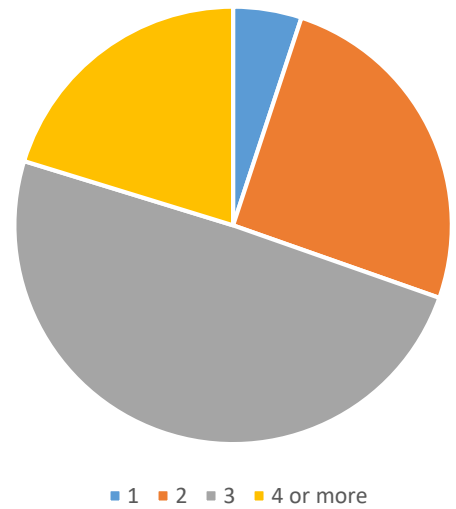

7 respondents could speak only one language, 41 of them could speak two, 79 of them could speak three, and there were 29 respondents, who could speak four or more languages.

How many languages can you speak?

How many languages can you speak?

As for political views, we gave the respondents five options. The results were the following:

Very liberal: 43 people

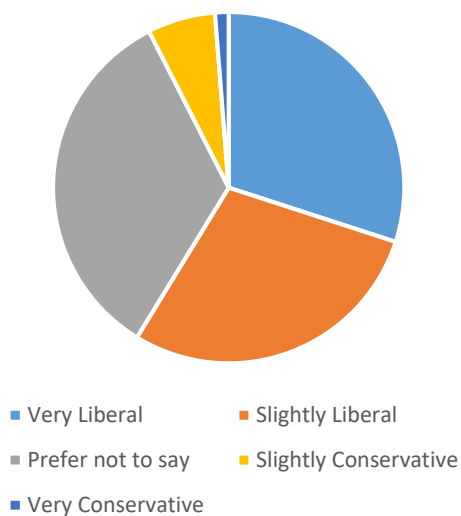

Slightly liberal: 42 people

Slightly conservative: 13 people

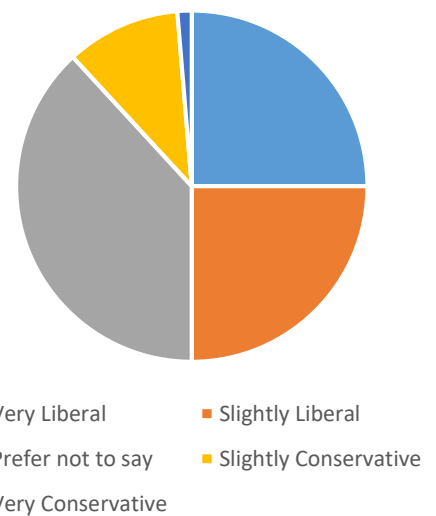

Very conservative: 2 people

Prefer not to say: 56 people

How would you describe your political view?

How would you describe your political view?

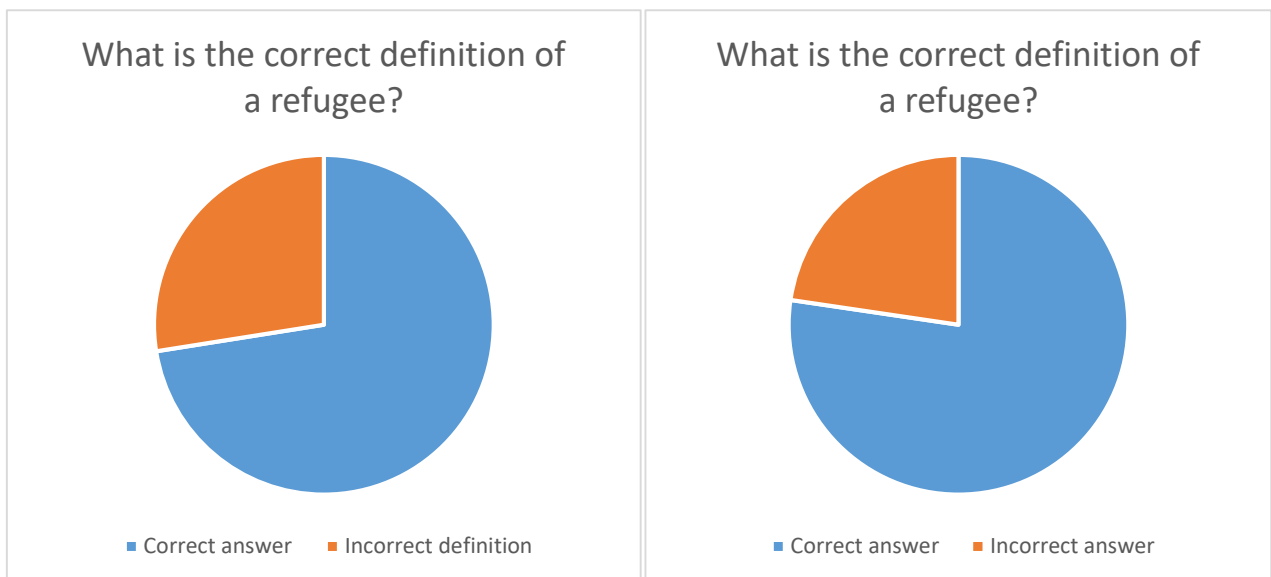

2. Assessment of the respondents' attitude and knowledge of refugees and immigrants

Question 1: Which one is the correct term for *refugee*?

The respondents were given two options to choose from:

- Refugees are people who are fleeing from armed conflict or persecution and for whom denial of asylum has potentially deadly consequences. They leave their home countries because it is dangerous for them to stay.
(*correct*)
- Refugees are people who are fleeing their countries for numerous reasons, for example, their homes have become dangerous or difficult to live in, or they could be fleeing from unrest, famine, drought or economic collapse. However, they are not in danger of conflict or persecution.
(*false*)

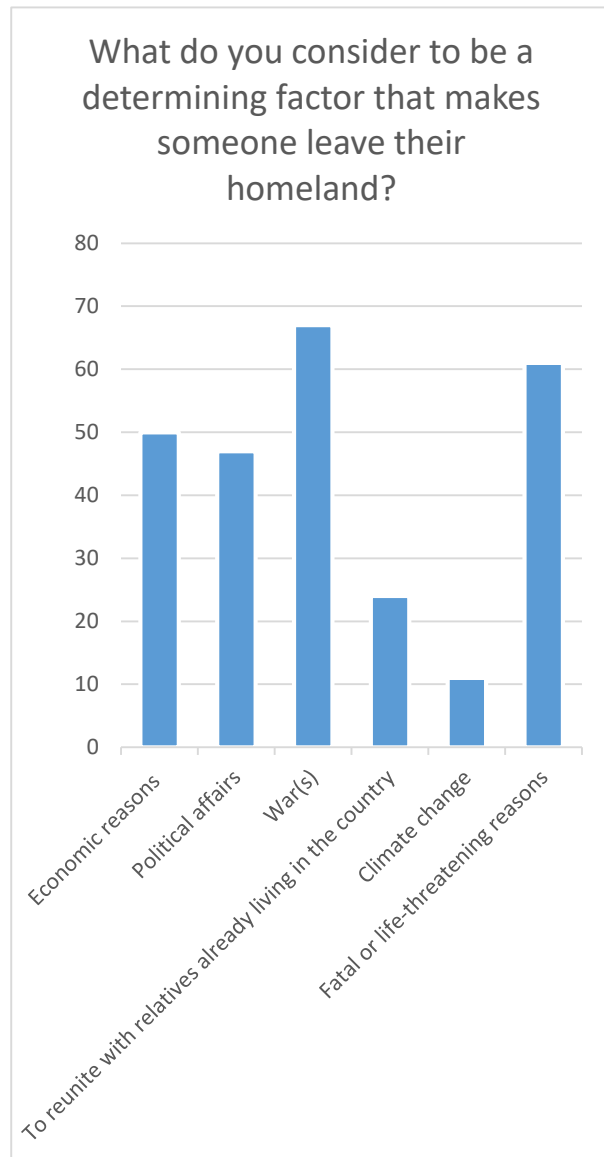

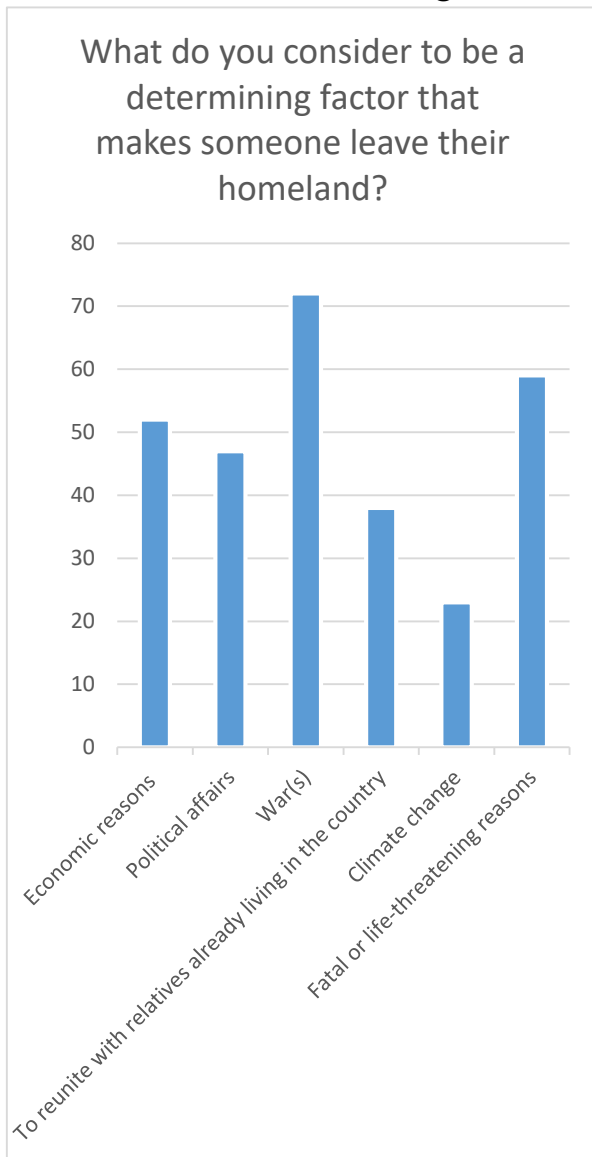

116 people managed to choose the correct definition, and 40 chose the false one.

Question 2: What do you consider to be a determining factor that makes someone leave their homeland?

The respondents were given nine options to choose from. They were free to choose multiple answers. The most popular choices were:

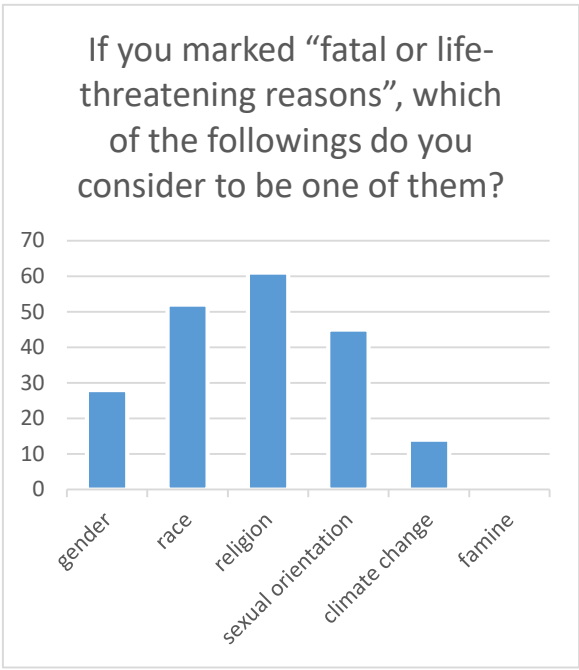

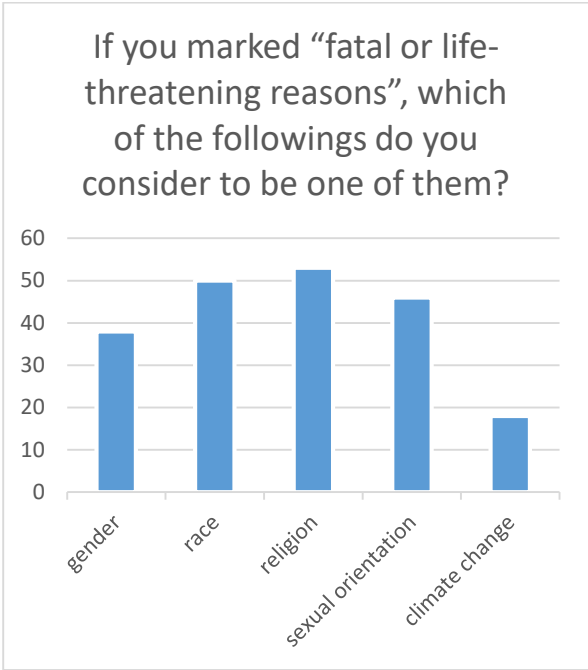

- War(s): 142 votes
- Fatal or life-threatening reasons: 120 votes
